No. 229.—Understanding rules, a family pension granted to the widow of a deceased Indian civil servant or establishment in respect of a monthly which occurred on or after the 1st August 1918 ceases in the event of her remarriage. Accordingly, when claiming payment of pension, such a pensioner is required to produce, within three months of the age of 40 years, a certificate of widowhood signed by two military pensioners. In 1919 the Government of India stated that cases had occurred where such certificates had proved to be false with the result that considerable sums had been overpaid to the illegal widow. They issued orders to the effect that pensioners must ascertain the facts before signing a certificate of widowhood and that the plea of ignorance of a widow's remarriage would not be accepted as sufficient or valid ground for waiving recovery from his pension of any sum overpaid as a direct result of his signing the false certificate of widowhood. Collectors were requested to have copies posted at the towns and under their charge replacing the orders of the Government of India in military pensioners.

2. The Government of India report that a number of cases have occurred in which a re-married widow has endeavored to force pension for some years after her remarriage by producing false evidence of continued widowhood. The Government of India are led to believe collusion between the beneficiary and the officers of the widowed establishment.

3. District and Independent Brigade Commanders are requested to decide what portion of the sum lawfully due to the alleged widow should be recovered from the pensioners who signed the false certificate. It is desired that cases brought to their

notice the Government of India have observed that the sum so recovered has been small and not sufficient to act as a deterrent.

4. The Government of India have therefore decided that the plea of ignorance of remarriage will no longer be accepted as a valid excuse for signing an incorrect certificate of continued widowhood and that steps will be taken to warn pensioners accordingly before they sign. Unless the pensioner who signs such a certificate can offer a satisfactory explanation, apart from merely saying that he did not know of the widow's remarriage, the sum obtained by the illegal widow with the aid of the certificate will be recovered from the pensioner who signed it in shares proportionate to the portion which they are receiving, subject to the proviso that the monthly portion of each pensioner will not be reduced to more than one-third. They have also directed District and Independent Brigade Commanders to report every such case to the local and authority with a view to action being taken against the illegal widow for obtaining money under false pretences.

No. 230.—The following notification of the Government of India is republished:—

HOME DEPARTMENT.

EXAMINATIONS.

India, the 26th April 1929.

No. F-1(328).—The following resolution, made by the Secretary of State in Council is published for general information:—

In exercise of the powers conferred by sub-section (2) of section 16-B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held on the 19th day of March 1929, hereby makes the following amendment in the Civil Service (Governments' Personnel) Classification and Appeal Rules:—

For rule XIV of the said rules the following shall be substituted, namely:—

XIV. Without prejudice to the provisions of the Public Service Enquiries Act, 1850, no order of dismissal, removal or reduction shall be passed on a member of a Service or on an officer holding a special post (other than an order based on facts which have led to his conviction in a criminal court) unless he has been informed in writing of the grounds on which it is proposed to take action, and has been given an adequate opportunity of stating his case in writing himself. The grounds on which it is proposed to take action shall be reduced to the form of a definite charge or charges, which shall be communicated to the person charged, together with a statement of the allegations on which such charge is based and of any other circumstances which it is proposed to take into consideration in passing orders on a case. He shall be permitted, within a reasonable time, to put in a written statement of his defence and to state whether he desires to be heard in person. If he so desires or if the authority concerned so direct, an oral inquiry shall be held. At that inquiry

(XI of 1927), as published as required by sub-section (3) of the said section for the information of all persons likely to be affected, thereby and orders to be hereby given that the said draft will be taken into consideration on or after the 24th July 1929. Any objection or suggestion which may be presented in respect of the draft before the date specified, will be considered by the said Board.

DEATH ANNOUNCEMENT.

In the form of certificate attached to rule 24 of the said rules after the words "In words and figures," where they first occur, the following shall be inserted, namely:—

"or, if the certificate is caused by an entry in words stating that the amount of dividend is under the next multiple of Rs. 50 above that amount, in figures only."

No. 464.—In exercise of the powers conferred by sub-sections (1) and (2) of section 3 of the Caste Members Act, 1920 (XLVI of 1920), as amended by the Caste Members (Amendment) Act, 1923 (XXXIV of 1923) and in pursuance of the rules published with the notification of the Local Government in the Law (General) Department, No. 354, published on page 1268 of Part I of the Port St. George Gazette, dated 21st November 1923, the Government in Council is hereby pleased to make the following rules.

These rules may be called the Madras Caste Members Declaration Rules, 1929.

2. In these rules unless there is anything repugnant in the subject or context the Act means 'The Caste Members Act, 1920' (XLVI of 1920).

3. All sub-registers appointed under section 6 of the Indian Registration Act, 1908, shall, within their respective registration sub-districts, be the sub-registers before whom declarations may be made and filed under sub-section (1) of section 2 of the Act.

4. Where a sub-register refuses to accept a declaration the person desiring to make the same may, within thirty days from the date of such refusal, appeal against the refusal to the Registrar to whom such sub-register is subordinate.

5. The declaration shall be made in the form in Appendix I annexed to these rules.

If the declarant is not personally known to the sub-register before whom he makes a declaration, such sub-register shall obtain the impression of the left thumb of the declarant and if the declarant has no left thumb or if his left thumb is deformed, the impression of any other finger shall be obtained on the declaration form. The right and hand from which the impression is obtained shall be specified against the impression.

6. Declarations shall be successively numbered in a series for each calendar year and shall be filed in a file book in the office of the sub-register.

7. A fee of Rs. 100000 shall be levied for filing a declaration.

8. A certificate of filing shall accompany the declaration and shall be granted to the declarant free of cost in the form in Appendix II annexed to these rules.

9. A register of declarations shall be maintained in the office of the sub-register in the form in Appendix III annexed to these rules with a suitable index of the names of declarants prepared.

10. The declaration shall be made only at the office of the sub-register.

Provided that the sub-register may, on special cases being shown, and on payment of the fee prescribed in that behalf, attend at the residence appointed by the person desiring to make the declaration or at the jail in which such person is confined.

11. (a) For every attendance at a private residence for the acceptance of a declaration there shall be paid besides travelling allowance an allowance of Rs. 10.

(b) For every attendance at a jail for the acceptance of a declaration the fee to be paid besides travelling allowance shall be Rs. 5.

Provided that where two or more persons who are entitled to exemption from attending the office reside together or when two or more persons are confined in a jail, only one attendance fee shall be charged on for or these persons are concerned.

12. (1) For proceeding to and returning from a private residence or a jail the sub-register may levy actual travelling expenses for himself as well as for a peon or other inferior Government servant when the latter accompanies him.

(2) For journeys by rail such actual travelling expenses shall not exceed the fare of the class to which the sub-register is entitled under the Madras Travelling Allowance Rules and in the case of a peon or other inferior Government servant a fare of the lowest class.

[illegible]

that agricultural research in this country is still in its infancy; that however efficient the agencies which are built up for dissemination and propagation of research, a full measure of success seems to be based on research; that lack of co-ordination in agricultural research has prejudicially affected progress; that there is a wide field open for the co-operation of the Government of India and of provincial Governments in regard to agricultural research; and that it is the duty of the Government of India, in the discharge of their ultimate responsibility for the welfare of the vast agricultural population of this country, to advance research in every way possible without overlooking some the functions of provincial Governments in that sphere.

2. The Royal Commission, after discussing possible methods by which closer contact might be established between scientific investigators working in universities under the Central Government and investigators employed under provincial Governments, recommended the establishment of an Imperial Council of Agricultural Research to which the Imperial Agricultural Research Institutions and the Provincial Research Institutions would stand in exactly the same relation. The duties of the Council would be—

(a) The promotion, guidance and co-ordination of agricultural and allied research throughout India. The Council would not, however, maintain research institutions directly under its control, nor would it employ in its own staff of experts. It would merely determine whether a particular scheme of research was of all India or of local importance and whether it could best be carried out at Imperial or Provincial Research institutions or by some other agency such as a University or a private individual and would then, after satisfying the scheme in accordance with the expert advice, make such grant as it considered suitable.

(b) The issuing of research notices under a scheme of research scholarships or in other ways.

(c) The collection and dissemination of information in regard not only to research but to agricultural and veterinary matters generally.

(d) The publication of scientific papers, etc.

3. The Royal Commission recommended that the Council of Agricultural Research should consist of the following members:—

(a) Three whole-time members appointed by the Government of India, of whom one should be an experienced administrator with a knowledge, if possible, of Indian conditions; one should be an eminent scientist who had specialised in some branch of crop production and one should represent the interests of animal husbandry including animal medicine and veterinary matters. It was suggested that the administrator should be the Chairman of Council.

(b) Three part-time members, viz., the Director of the Agricultural Research Institute at Pusa; the Director of the Imperial Institute of Veterinary Research at Windsor; one representative of the civil administration under the Government of India; one non-official elected member of the Council of State; two non-official elected members of the Legislative Assembly; one representative each of the European and Indian business communities; three representatives of Indian Universities nominated by the Inter-University Board; one representative of the Indian Central Co-operative Committee; one joint representative of the Indian Tea Association and the United Planters' Association of Southern India; the Vice Director of Agriculture and the Vice Director of Veterinary Services in the major provinces; and five other non-official members nominated by the Government of India on the recommendation of the Council by

reason of their scientific or other special qualifications.

The Royal Commission recommended that the Council should appoint sub-committees to deal with special activities. They further recommended that provincial Governments should establish committees to work in close co-operation with the Council and to assist in maintaining touch between that body and agricultural activities in the provinces. They concluded that provincial Governments should have full discretion regarding the constitution of the provincial committees.

4. As regards finance, the Royal Commission held that, only if the Council were placed in a secure financial position beyond the possibility of being affected by financial vicissitudes, would it be able to embark upon a programme of selected schemes. They, therefore, recommended that an agricultural research fund should be constituted, by a grant of Rs. 50 lakhs from central resources to which additions should be made from time to time on financial conditions permitted. They also recommended that the Council of Agricultural Research and the Agricultural Research Fund should be constituted by an Act of the Imperial Legislature.

5. The Government of India have given their most careful consideration to the proposals of the Royal Commission and are of opinion that they are, on the whole, admirably designed to secure the objects for the attainment of which the establishment of the organization outlined above is recommended. They feel, however, that the composition of the Council and the method of financing it proposed by the Royal Commission might with advantage be modified in certain respects. It appears to them that a Council of 33 members would be too large to be easily efficient and that it is not desirable that the Legislative Assembly should be deprived of its normal constitutional control over an authority which affects the vital interests of the country as it would be, if the method of financing the Council proposed by the Royal Commission were adopted. To meet these objections, the Government of India have decided to make the changes in the structure of the Council and the method of financing it which are explained in the subsequent paragraphs of the Resolution.

6. The central organization will be divided into two parts, with executive and advisory functions respectively. The executive part, which will be known as the Governing Body, will have the management of all the affairs, and heads of the Council subject to the limitations mentioned in paragraph 7 below. The body will consist of the Honorable Member of the Governor General's Executive Council in charge of the portfolio of Agriculture, who will be *ex officio* Chairman, the Principal Administrative Officer of the Council who will be appointed by the Government of India and who will be *ex officio* Vice-Chairman, one representative of the Council of State, two representatives of the Legislative Assembly, one representative of the European business community elected by the Associated Chambers of Commerce of India and Ceylon, one representative of the Indian business community elected by the Federation of Indian Chambers of Commerce and Industry, one representative nominated by the Government of some major province, two representatives elected by the Advisory Board, and such other persons as the Executive Council of the Governor-General in Council may from time to time appoint.

At the Conference convened by the Government of India in October last to consider the proposals of the Royal Commission, the Provincial Ministers of Agriculture approved the view that the provincial representatives on the Governing Body should be

the Ministers of Agriculture. This proposal has been referred to Provincial Governments for opinion and has met with general acceptance. The Government of India, entirely agree that the presence of the Provincial Ministers of Agriculture on the Governing Body will contribute very materially to the successful working of the Council. They consider it desirable, however, that provision should be made in the Rules and Regulations of the Council, permitting a Provincial Government to nominate a representative to attend any meeting of the Governing Body at which the Provincial Minister of Agriculture is unable to be present.

The Honorable Mr. V. Ramaswami Pantulu has been elected by the Council of Madras and Mr. Muhammad Shah Nawaz and Chaudhri Mukhtar Singh have been elected by the Legislative Assembly of the representatives of those India on the Governing Body of the Council of Agricultural Research. The Associated Chambers of Commerce of India and Ceylon and the Federation of Indian Chambers of Commerce and Industry have elected Sir Joseph Kay and Mr. Walchand Hirchandani, respectively, as their representatives on the Governing Body.

The functions of the Advisory Board will be to examine all proposals in connection with the scientific aspects of the Council which may be submitted to the Governing Body, in regard to their feasibility and to advise on any other questions referred to it by the Governing Body. It will consist of all those whose interests in the Council are recommended by the Royal Commission with the exception of the representatives of the Council, Legislature and the representatives of the European and Indian commercial communities who will now find a place on the Governing Body. It does not appear necessary that the latter should also be members of the Advisory Board which, under the division of functions suggested above, will be a body of experts. In view of this exclusion from the Advisory Board, the Government of India, after consultation with Provincial Governments, consider it desirable that the scientific and advisory representation on the Board should be increased and that, where necessary, in the acceptance of the invitation to elect representatives to the Board, it should be composed as follows:—

- (1) The Vice-Chairman of the Council,
- (2) & (3) Two whole-time expert advisers appointed by the Government of India.
- (4) Director of the Pure Research Institute.
- (5) Director of the Imperial Institute of Veterinary Research, Madras.
- (6) Director of the Indian Institute of Science, Bangalore.

- (18) Bengal.
- (19) The United Provinces.
- (20) The Punjab.
- (21) Poona.
- (22) Bihar and Orissa.
- (23) The Central Provinces.
- (24) Assam.

(25) A representative of major administrative under the Government of India.

(26) A representative of the Forest Research Institute, Dehra Dun, associated by the Government of India.

(27) A representative of the Co-operative Movement nominated by the Government of India.

(28) A representative elected by the Indian Research Fund Association.

(29) to (32) Four representatives of Indian Universities elected by the Local University Board.

(33) A representative elected jointly by the Indian Tea Association and the United Planters' Association of Southern India.

(34) A representative elected by the Indian Central Cotton Committee.

(35) to (38) Four non-official members associated by the Government of India on the recommendation of the Council on the ground of scientific knowledge or other special qualifications.

And each other person as the Executive the Governing Council may from time to time appoint.

Mr. P. H. Campsie, Chief Scientific Officer, Indian Tea Association's Experimental Station, Tocklai, Assam, has been elected as their representative on the Advisory Board by the Indian Tea Association and the United Planters' Association of Southern India. The Government of India have nominated Mr. G. K. Desverre, C.S.A., President, Bureau of India Security, Poona, as representative of the Co-operative Movement on the Board. The names of the members of the Government of India to represent major administration and the Forest Research Institute, respectively, will be announced shortly.

The Principal Administrative Officer to the Council will be ex-officio Chairman of the Advisory Board.

All the other members of the Royal Commission's proposals for the appointment of the Council, viz. the three whole-time officers of the Council, the six members to deal with special activities and the provincial committees will remain.

As recommended by the Royal Commission, the division of the appointment of members of the Council, other than the representatives of the Council, State and the Legislative Assembly and of those members who are appointed by means of the other appointment, they hold, will be three years. The terms of appointment of the Principal Administrative Officer and the two whole-time expert advisers will continue to be five years.

1. For the lump grant of Rs. 40 lakhs recommended by the Royal Commission, the Government of India have decided to substitute an initial lump grant supplemented by a fixed minimum grant annually. They have fixed the initial grant at Rs. 15 lakhs, of which Rs. 10 lakhs have been provided in the Budget for 1938-39. Consequently from 1938-39, the annual recurring grant will be fixed at Rs. 7.45 lakhs per annum, of which Rs. 6 lakhs will be devoted to the furtherance of the scientific aspects of the Council, and the remaining Rs. 1.45 lakhs to the cost of its staff and equipment. A sum of Rs. 1.45 lakhs has been provided in the current year's Budget to meet the cost of the staff and equipment in the financial year. The provision in the current year's Budget has been made with the approval of the Legislative Assembly and therefore to be made in subsequent years will also be subject to its approval.

The Council of Agricultural Research will have an entirely free hand in regard to the expenditure of the grants made to it for research purposes subject to the condition that it incur no liability in respect of such matters as leave or pension contributions after the research for which the grant is given has been completed. In regard to the grant made to it to meet the cost of staff, establishment, etc., the Government of India have decided that, for

Re 325.—In practice the powers conferred on them by sub-section (2) of section 263 and clause (c) of sub-section (1) of section 237 of the Madras District Municipalities Act, 1909, the Corporation acting with Kavaratti makes the following amendment to the rules for the registration of vital statistics in the municipalities published in notification No. 3442 of page 302—623 of Part I-A of the Govt. No. 36995 Gazette, dated the 25th December 1955:—

Abstract

After rule 1) of the said rules the following rule shall be inserted, namely:—

§ 12. All errors or omissions found in the registers at birth and in the registers at death shall be corrected by drawing first attention to the register entry (last column) in order to decide whether the register was correct when it was made. If the correction is to be made, the error shall be corrected in the register, and the error shall be noted by the Registrar if the error be discovered by him and by both the Registrar and the attending officer (physician or health officer of the municipality) if the error be discovered by the attending officer. Provided that no entry shall be corrected under this rule more than a year after it is made except with the positive sanction of the Officers of the District. If such corrections relate to the registers of deaths, the corrections on European British subjects on events after 1890, if that is the date fixed by the Registrar and forwarded to the Registrar-General of Northern Ireland.

ANANDA UNIVERSITY.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS IN 1939 IN SEPTEMBER 1939.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Names should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for detaching the papers. Candidates proceeding themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are satisfactorily suffering from serious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly in the outer corner of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been passed out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. Candidates are forbidden to sit outside of any hall during the examinations. They are further forbidden

to communicate with the candidates should they be in their answers and not to exhibit and their conduct will be reported to the Syndicate for disciplinary action.

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, card board, manuscript or paper of any description and from writing on any of these whether introduced into the room by themselves or by any one else; from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Syndicate. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared, rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide. The use of stenils at University examinations is not permitted except in students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed, such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in Groups (I) and (2) of the Intermediate, Sections I and II of B.A. and First M.B. & B.Sc. examinations.

9. Candidates for the B.A. Degree Examination under Groups (A-B) and (C-E) should, if required, submit their laboratory note-books in the Examinations commenced on the first day of the practical examination, and get them back at the close of the examination. This instruction applies only to candidates appearing from Colleges.

10. Candidates are required to provide themselves with their own pen. Candidates may bring into the examination hall their own ink-bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books provided. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be correctly fastened to the answer books.

12. When candidates have finished writing their answers and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent at the respective centre for their hall tickets.

14. No College student will be allowed to act as a candidate for the examinations unless the student is a member of the College, is situated, the place for sitting is approved and on the recommendation of the Principal of the College.

15. Candidates appearing at examinations in the art and science must be prepared to submit the Chief Superintendent of such centres as to their identity.

TENDERS FOR THE SUPPLY OF CATTLE-FOOD REQUIRED AT THE GOVERNMENT AGRICULTURAL STATION, LAM, GUNTUR, GUNTUR DISTRICT, DURING THE YEAR 1929-30.

Notice is hereby given that sealed tenders for the supply of cattle-feed are required for the Government Experimental Station, Lam, Guntur, for the year commencing from August 1929, as shown below will be received up to 11 a.m. on the 15th July by the Farm Manager, Guntur.

5. Tenders will be opened on the 15th July 1929 at 2 p.m. by the Farm Manager, Guntur, in his office.

3. Each tender should be accompanied by "Tender for supply of cattle-feed to Government Experimental Station, Lam, Guntur."

4. Each tender must be accompanied by a cash deposit of Rs. 50 (Rupees fifty only) as earnest money and, in default of such deposit, tenders will be rejected. No tender will be received after the appointed date and hour. The deposit of the unsuccessful tenders will be returned immediately and that of the successful one, on due fulfilment of the contract.

5. The earnest money of Rs. 50 should be deposited in a treasury under the head "Revenue Deposits" and the cheques should be attached with the tender. No money orders will be accepted.

6. Samples of the different articles to be supplied should accompany the tender and the rate at which they will be supplied should be clearly stated in the tender.

7. Every specification in the tender must immediately be attended by the tenderer.

8. The successful tenderer shall have to deposit security of the cost of the whole tender into the treasury as "Security Deposit" and enter into a contract agreement. The security deposit will be returned on the fulfilment of the contract.

9. The quantity shown against the respective feedstuffs is an approximate one and will be more or less according to actual requirements. The Farm Manager does not bind himself to receive the full quantity noted in the list below.

10. The seasons and the months in which different commodities are required are noted in the statement of feedstuffs required and they must be supplied on the 1st of each month in the office of the Farm Manager, Guntur.

11. The right of rejecting or accepting any tender without assigning any reason for so doing is reserved to the Farm Manager, Guntur. The contract shall, unless it is cancelled for any specific reason, remain in force for one year.

12. No person making a tender shall be allowed to withdraw his tender or to refuse to execute the contract if his tender is accepted and, in the event of his doing so, his deposit shall be forfeited to Government.

13. The Farm Manager, Guntur, reserves to himself the right of rejecting any material that does not come up to the sample sent at the time of making the tender.

14. Payment will be made on receipt of the material monthly or after cash supply is passed.
